

Our Growth & Commitment

Over the last few years, Guaranty Bank has shown exceptional growth financially and physically. Our loan and deposit volumes have grown 8% to 10% consistently over the last five years, establishing us as a billion-dollar bank. In addition to the growth in our existing markets, we further expanded into Greenwood, Grenada, and Southaven, as well as purchased a bank in Memphis, TN.

With the immediate growth in our new markets, we decided it was time to invest and put our stakes in the ground. We are currently building a state-of-the-art bank designed with a focus on customer experience in those new markets. We feel as though we are setting the standard for modern banking in Mississippi and Tennessee as we aggressively implement up-to-the-minute banking technology in these new buildouts.

Guaranty Bank is positioned as a leader because our banking style is rooted in family and tradition and coupled with a cosmopolitan vision for the future of banking. In all that we do, we passionately strive to create lasting relationships through banking.

Reasons to Celebrate!

In our effort to provide the best place to work, we strive to create a positive and encouraging environment. At Guaranty Bank, we hold the bar high by exceeding the expectations of our customers every day by “happily going the extra mile” – so much so, that this is a common phrase around the bank. Celebrating our employees, who work so hard to provide this, is important to us; so important, we close our lobby doors early twice a year to reward and celebrate successes. We often hear our employees say they feel as though we are “one big family”. That is what we love to hear!

In 2018 and 2019, we were named “Best Place to Work” by the Mississippi Business Journal. We are proud to be recognized by Bauer Financial as a 5-Start bank for 15 consecutive quarters. This superior rating reflects Guaranty Bank’s strong capital, adequate liquidity, high asset quality, and good earnings.

In 2013, our Community Development department implemented a financial literacy initiative. It is geared to individuals and high school students who are interested in becoming more prudent in their financial situation. We are the lead bank partnering with Mississippi Community Financial Access Coalition, MCFAC, and several other community banks. In 2016, we added an entrepreneur class for small businesses. This has given us the opportunity to be a part of many business success stories and build hundreds of relationships.

We are also proud to be one of the many community banks who were instrumental in helping small businesses in our communities obtain the Paycheck Protection Program (PPP) loan. Guaranty Bank processed 1,528 PPP applications totaling \$124,758,976.

Guaranty Bank Looking Forward

As we plan for the future of Guaranty Bank, identifying our brand is important to us. We want our brand, which includes everything from our logo, our state-of-the-art branch design, and each quality employee, to represent our established values. In whatever manner we interact with our customers, we want it to be a memorable and engaging experience that builds and deepens relationships, so that they become our biggest advocates.
